Success 2019

Hello All,

Everyone preparing for Civil Service know the importance of the answer writing but a few succeed in doing it. The main doubt that may arise when one start a test series is how to manage the schedule and how to manage the time?

A sudden attack on the 3-hour test with 20 questions may not be suitable for you. Instead, you should focus on developing yourself step by step and stone by stone. Don't try to build an instant empire, it may fall. When you choose an answer writing program, follow some simple and must do steps.

1. How it improves your quality of the answers?
2. What feedback is provided?
3. How it focuses on time management?
4. What is the design and how it helps in aligning with the time of writing answers?
(Because you need to structure and write the answer in a very short time.)

Looking at all these requirements and worries of an aspirant we are introducing the **Mainsure 2019**. A five-month course entirely dedicated to improving the quality of the answers while helping you to cover the syllabus.

2. There will be 20 tests directly focussing on the entire syllabus of the tests.
